

## NOTIFICATION

Helsinki 29.11.2017

Dear Customer,

As the result of the acquisition of Fintronic Oy (VAT reg. no. FI19702555) by Elgood Oy (VAT reg. no. FI10781496) Fintronic Oy will be merged into Elgood Oy. The closing date of this acquisition is set to December 1<sup>st</sup> 2017. All responsibilities of Fintronic Oy will be moved to Elgood Oy. Linear Technology agency is not included to acquisition.

Open backlog will be moved to Elgood Oy as it is. All deliveries and orders will be handled by Elgood Oy starting 1.12.2017. There is no further action required from your side. You will receive revised Order Acknowledgement for open orders from Elgood.

We are looking forward to our continued business relationship. Our sales persons will contact you shortly. For more information about Elgood Oy, please visit our website [www.elgood.fi/en](http://www.elgood.fi/en)

I am happy to answer all questions relating to the merger.

Best regards,

Timo Niinimäki

Managing Director, Elgood Oy

Elgood Oy is a part of the international Addtech-group and belongs to the Components division within the Group.

The companies in the Components Finland business unit market and sell components and subsystems in mechanics, electromechanics, hydraulics, electronics, flue gas evacuation, measurement and control systems and building automation. The companies supply automation solutions to customers in manufacturing industry, subcontractors and end customers in the electronics and telecoms industries.

Addtech provides customized components and systems for industrial production. The Group has just over 2,200 employees in approximately 140 subsidiaries and achieves annual sales of about SEK 6.5 billion to around 30 countries.
